REQUEST TO ENTER SEQUENCE LISTING

MAIL STOP PCT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

The Notice of Missing Requirements in the above-referenced application requests that applicant file a Sequence Listing. However, applicant notes that a Sequence Listing (both a CRF and a printed copy of the Sequence Listing) was filed in the PCT application (PCT/US2004/030831, international filing date September 21, 2004) from which the present application is a U.S. National Stage Application. Also filed with the Sequence Listing was a Statement that the content of the sequence listing recorded in computer readable form is identical to the written sequence listing. The sequences in the two applications are, of course, identical.

Thus, applicant requests that the Sequence Listing in the parent PCT application be transferred to the present National Stage Application, and that the necessary change be made with regard to the application number and filing date. This request that the sequence be transferred in lieu

of a new CRF is made in accordance with the provisions of the Patent Cooperation Treaty and 37 CFR 1.821(e).

The Director is hereby authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Deposit Account No. 22-0261, under Order No. 41860-229250.

Dated: February 22, 2007

Respectfully submitted,

By
